

CSS Participants Recently Employed

Nicole works at Cost Plus World Market in Oak Brook. Her daily duties include keeping shelves full of inventory in the store. She organizes inventory in the back of the store, and stocks new seasonal inventory when it arrives. "My favorite part of the job is being among the first people to see new products as they come in!" says Nicole.

Jose works at McDonalds in Berwyn. As a Dining Room Attendant he makes sure the dining room is clean and well stocked. He was excited to get to interact with customers while stocking and maintaining the drink and condiment station. Jose was so successful at his position he was quickly named employee of the month!

Brandi works at Casey's Market in Western Springs. After graduation from Triton College she was eager to find employment in a field she loved—food service. Enrolling in CSS' employment program, she was hired to chop vegetables and prepare salads. Brandi has excelled and progressed at Casey's so much that she is responsible for making pot pies that have become locally famous for their beauty and deliciousness.

Robert works at Super Tony's Finer Foods in Riverside. Robert greets customers when they come to the check out line and bags their groceries. "I've really enjoyed my job so far, I like making sure things are bagged carefully, especially the eggs." says Robert.

CSS' Customized Employment staff successfully placed 36 individuals with I/DD into positions in the last 12 months. Employers say CSS' job coaching ensures a successful partnership
